Experience

Customer assistant, SELECTIONS PET AND GARDEN (AUGUST 2014-PRESENT)

This job greatly developed my communication skills and made me into a more confident person. From working here, I have gained the ability to operate efficiently in a team and perform well under different forms of pressure.

I have fulfilled multiple roles within this business and have experienced most aspects/sectors of the business, providing me with an insight and understanding of how a business operates and an arsenal of transferable skills.

Brown and Merry estate agents, 1 week work experience (July 2018)

This opportunity aided me in gaining a greater understanding of data management through processing figures for the company and working with the senior mortgage consultant.

I also got to experience a quite different style of selling products and services to what I was used to, thus making me a more diverse and experienced sales negotiator.
